

Greenhouse E3

E3 Fellowship Alumni Forum

Building long-lasting connections

Who We Are

Greenhouse E3 is a national nonprofit that supports & develops CEOs for the Charter Management Organization (CMO) sector.

Greenhouse E3 was founded by current & former CMO CEOs who saw two long-standing & unmet needs in the sector: CEOs who are more racially representative of the students they serve & support and development for new CEOs, especially during their first few years.

Partnering with local organizations, CMOs, CEOs & philanthropy, Greenhouse E3 is replicating a proven program across the country. Through our work, the sector will have the leadership necessary to ensure the continued stability, performance & growth of CMOs, which currently serve over 3.7 million students across the country.

About E3 Forum

Forum is a peer-to-peer program unique in its purpose to intentionally develop human capacities for well-being while simultaneously addressing the specific life challenges each participant is facing at that moment. Each Forum will consist of an intimate group of members (typically 8) plus an experienced moderator who will meet monthly throughout the year for two hours each session.

The approach is inclusive & enables participants to focus on developing their own capacities while working through issues critical to them. Educators report increased levels of awareness, compassion, & overall well-being. The result is greater professional resilience, improved teaching skills, & a more cohesive & connected community.
